THIS is the group that supervises the management of our public schools. Their responsibility is great and their problems many. Few people realize the difficulty of their tasks unless they have at some time been affiliated with them or served the public in a similar manner.

The Board meets the second Tuesday of every month.

Ruth La Rue,

Superintendent
MR. OLAN LARUE

MR. LARUE has been Superintendent of Madison High School for two years. His enthusiasm for all things associated with school work reaches into every extra-curricular activity. His expectations for the pupils are reasonable. In their association with him they are convinced that they will be given what they deserve whether they are in the right or in the wrong. He devotes the major part of his time to bringing about better opportunities for all under his control with the facilities at his command. The accomplishments made in this direction, derived from hard work.

Principal

MR. WAYNE E. MILLER

MR. MILLER has been a teacher of this school for eleven years and has been Principal for seven years. He seems to belong to the building. He takes just as much interest in you whether you are a Freshman or a Senior. Your problems are his regardless of how small or how large they are. He knows his task well and all details concerning the school. The stern business-like manner he uses when needed; but his jolly laugh is welcomed at all times. He sets an example for the students for his love of work.

THROUGH the organization of the classes, the pupils learn how to cooperate. It is through this cooperation that the various class parties and functions are carried on. It teaches the members of the class to think for themselves and thus stimulates mental growth. It also teaches them responsibility.

Senior Class History

ON a bright September day the sun smiled softly on the fading, fluttering leaves. On the path winding among the trees and across rippling brooks skipped the freshmen, one by one. It led us to the door of opportunity with all its splendor, excitement and hard but useful study. Through the halls, up the stairs into the study hall marched a group of ninety excited freshmen. These comprised the class of "39."

After a few weeks we became acquainted with the greater number of our classmates and teachers. The class was then organized by the election of Gene Harmon, Pres.; Edward Kipp, Vice-Pres.; Madonna Harmon, Sec.; and Paul Walters, Treas. We chose for our class advisors Miss Marjorie Lovering and Mr. Kenneth Nixon.

We were carried swiftly through the year like a feather in a breeze, and soon found ourselves hosts at the freshmen party given on March 20. It was not considered by everyone all that it might have been but was not by any means a failure. Just give us time, we were only freshmen.

As the year closed we were entertained by the activities of the upper classmen. As polite freshmen, we sat back and tried to place in our memory the example of the more experienced. So when it came our turn at the controls we would be ready to speed on to higher marks than already had been

obtained in any of the numerous branches of our school life. Thus ended our first year at M. H. S.

Our vacation passed quickly and in the second week of September eighty students came back to Madison High to start our Sophomore year. After a few weeks had passed we elected officers, consisting of Joe Miller, Pres.; Bill Wilkins, Vice-Pres.; and Gene Harmon, Sec. and Treas. and again Mr. Kenneth Nixon was chosen as class advisor.

Five new teachers were added to the faculty. They were Miss Marian Shaffer, Miss Evelyn Wiseman, Mr. Charles Vanderbilt, Mr. Leroy McHenry and Mr. James Wendling. Along with the new teachers several additional students were added to our class.

We gave our Sophomore Hard Time Party on March 12 which turned out to be a great success. All came dressed in old clothes. Dancing and various games were enjoyed during the evening.

School ended in the latter part of May with the customary picnic at North Lake Park. Thus another year was well spent in study and play.

The Junior Class started off with a bang and we were introduced to a new teacher, Miss Nellie Reader, and a new Superintendent, Mr. Olan LaRue.

We organized by electing Pete Mihailoff, Pres.; Joe Miller, Vice-Pres.; Betty Hout, Sec.; and Gene Harmon, Treas.; and chose as class advisors Miss Nellie Reader and Mr. Kenneth Nixon. Marguerite Lazenby enrolled in our class.

The first major event of the year was the presentation of the class play, "It Happened In Hollywood." It was a great success due to the efforts of Miss Nellie Reader, and enlarged our bank roll considerably. Just before Christmas we received our class rings. There were two models consisting of the ones with rams on them and the ones minus the rams. Both models were very attractive and we felt very proud in owning them.

Just to change the atmosphere for a little while, the class entertained the school at their Mountaineer Party on January 25. It was very different and was enjoyed by everyone.

The big event of the year came on May 13, when we were host to the Seniors at the Junior-Senior Banquet. It was a magnificent affair and will live in our memory for many years to come. With the school spirit still strong, the year came to an end with three years down and one to go.

We had enjoyed the past three years immensely and were looking forward with great enthusiasm for the happenings of our last year.

Summer passed quickly and soon sixty-one students came back to pass their senior year at Madison High School. The class chose their officers: Carl Keefer, Pres.; Melvin Harner, Vice-Pres.; Helen Desterhaft, Sec.; and Gene Harmon, Treas.; Miss Nellie Reader and Mr. Kenneth Nixon were again chosen as our class advisors.

Two new students were welcomed to the class. They were Anna Mae Frontz and Mary Jayne Menke. Also two new teachers took their place on the faculty, Mr. Paul Monette and Mr. James Weber.

On October 27 the Seniors gave their Hallowe'en Party, which was very entertaining.

Our football team won the Richland County B League Cup again and all the Senior players were awarded. Bob Wilkins was awarded a medal for being the best sportsman in football this season.

We were sorry to see Geraldine Stauffer leave to spend the winter in Florida and were glad to have her back to graduate with us in May.

In December the Senior Class gave their assembly program, with various kinds of numbers being given. The Senior band furnished part of the music, and also for the Junior play.

At the beginning of the second semester we were glad to have Curtis Williams with us.

The Annual Staff was chosen so they would be ready to go to work fast and furiously by the second semester.

The last half of the Senior year found the members of the class very busy working on the annual, and getting their pictures taken. The pictures and write-ups for each organization and class in the school were finished and sent to the publishing company on April 10.

The play, "Sis Perkins," was given on May 5. Due to the efforts of the play cast and Miss Reader, the play was well presented and enjoyed.

The members of the Senior Class were guests of the Juniors at the Junior-Senior Banquet on the evening of May 12. It was a magnificent affair and was immensely enjoyed by all. We take this opportunity to thank the Juniors for the fine time we enjoyed. The Seniors presented their Annual Class Day Program on May 19.

The Baccalaureate Service was held on May 21 at St. John's Evangelical Church. The Commencement Exercises were held on the following Thursday, May 25, in the auditorium. The goal was finally reached and we were all rewarded for the hard work we had completed in our four years of school life at Madison High. It was the last time the class met together and after receiving our diplomas we departed and each started the curious road that will lead him through life.

On Friday, May 26, the High school Picnic was held. It was very much enjoyed, and the time was spent, largely, in saying good-bye to fellow classmates.

Senior Class Poem

We the class of '39
Assembled here four years ago,
In the halls of M. H. S.
To start a higher goal.

We spent those years of gladness
In trying to do our bit,
Toward making M. H. S. a school,
That we will ne'er forget.

We worked and we played as the occasion called,
And each year we increased in knowledge and strength
And as we rose higher, our class we gave,
As a pattern for those who were beginners at the game.

The standards we did not make, but only tried to keep,
Because preceding classmen had done their duty, too.
Let us not forget our parents who sacrificed their share,
In helping us to uphold the banners of Madison Hi.

Last but not least our teachers we conclude,
Who through their patience and cognition,
Taught us much more than just knowledge out of books;
But set for us examples worthy of everybody's recognition.

So now we leave these halls of M. H. S.
Somewhat sad, yet glad, that now that all is over,
We may have a chance to make
The world into which we now have graduated
As proud of the Class of '39 as is our Alma Mater.

Senior Class Prophecy

As I was walking down the street,
It was my lucky chance to meet
Eileen Swisher, an old school pal of mine,
Who graduated in the class of '39."

Five long years had passed
Since I saw her last.
She seemed to be doing fine,
As an operator of a telephone line.

She knew the class was all doing their best,
Because her line was never at rest.
She told me everything she heard
And I promised not to tell a word!

Annual Staff

THE "Madisonian," annual of the Madison Township Schools, was first published in 1927, twelve years ago.

It was first an annual which included all of the schools in Richland County, but was later converted into a publication by the Madison Seniors, in 1933.

Since that time the annual has speedily grown into a larger and better publication each year.

Paper Staff

IN the year of 1935, the Madison "Hi-Spots" was founded as the class paper by the Junior Class. A short time later the faculty voted to convert it into a school publication. Since that time it has been issued as a regular monthly paper.

The purpose of the paper is to present a concise review of the school activities as well as a bit of humor and friendly satire.

Advisor Mr. McFadden

THE MADISON LITERARY SOCIETY is composed of the students of the Public Speaking Class. At the half-year the students in Sociology join the club but can not hold office. The presidents for this year were Melvin Harner, Gene Harmon and William Heichel, all of whom did a good job.

The Literary Society meets every other Friday with the officers being responsible for the program. There are prepared numbers, impromptu and extemporaneous speeches. The programs are interesting and helpful in training one to think on his feet.

THE members of the G. A. A. in addition to their regular sports, seem to be very interested in skating, and have held four skating parties at the Coliseum this year. The G. A. A. held a banquet with the "M" Association on March 17. Letters and numerals were awarded to the girls who had earned them by being members of the various teams which include: Dart Archery, Deck Tennis, Shuffleboard, Volleyball, Basketball and Kittenball. The senior girls won the Volleyball championship and the sophomores won the Basketball championship. The girls also sponsored an annual "Play Day" in May, to which girls from all the County schools and Senior High were invited.

THE purpose of the “M” Association is to promote a greater interest in athletics and good sportsmanship. The requirements for joining the organization are for the individual to play in at least twice as many quarters as there are games or to be a manager four years, besides taking the initiation.

The club has fifteen members this year. The activities are helping the G. A. A. girls sponsor a banquet in honor of the basketball team, holding suppers throughout the year for the “M” members.

SIX YEARS AGO the girls in the Home Economics Department founded a club for the purpose of furthering the interest in Home Economics and bringing about a greater degree of friendship among the girls in the department, which objective has been obtained.

The club meets once a month and has a program, after which refreshments are served. This year these programs have included a lecture on electric cooking by an O. P. S. representative and a talk on makeup by a cosmetician from Maxwell's. A waffle breakfast, a covered dish dinner, dressing and giving away dolls at Christmas time and a spring fashion review are a few of the varied activities. With the money they have earned, they have purchased pinking shears, a collapsible and adjustable dress form and uniforms for waitresses.

THE PLAY

MRS. ELIZABETH CHANDLER moves in the smartest social circles in New York with her son, Baldwin, and her daughter, Marcia. When confronted with financial difficulties owing to unwise investments she immediately thinks of matrimony for Baldwin to a very wealthy girl as a way out. Providentially, Violet Astor, an eccentric young girl who has great wealth and who is a celebrity in the radio world and who has roomed with Marcia at school, has announced her intentions of paying the Chandlers a visit. Mrs. Chandler determines that Baldwin shall propose to Violet and by so doing restore the family credit. Meanwhile she receives a letter telling her that a poor relative, Sis Perkins, from Painted Post, Missouri is coming to New York to visit. Mrs. Chandler writes immediately saying that it will be impossible to entertain Sis in her home. But Sis leaves the farm and Painted Post before Mrs. Chandler's letter arrives, bringing with her a pet pig as a gift for her aunt. The Chandlers are horrified. Further tragedy is added to their situation when Violet Astor wires that her plans are changed and that she will be unable to pay her visit at this time.

THE PLAY

THE place is a smart living room of Tom's and Oke's apartment, and the time is that most thrilling time of school days — commencement. It's too bad when a charming young man gets a girl thrown at his head until he's girl shy. Yet there is a handsome Tom Arsdale, graduating from college with the name of being a woman-hater. And what a contrast to his roommate, for Oke is faithful to more girls, one after the other, than any man in college! Tom wishes he could shake off his shyness; he wishes he dared to meet the fascinating Babs Sanford he's heard so much about. He wishes — and then Tom hears she has sworn to meet him, and he just wants to crawl in a hole and pull the hole in after him. But Babs trades places with the dashing young lady who cleans Tom's apartment, and Tom's father descends for graduation with his choice of girl for Tom, and the marry mix-up is on. It's a landslide of fun and a whirlwind of mirth, with everyone getting mistaken for somebody else.

The Juniors are to be congratulated for their fine interpretation of "Girl Shy."

Athletics

DOUG DENERO (Gable) (76)

Right End

Junior

Doug, who held down the end position, also played in the backfield. He seldom left an opponent around him. He was named on the All-League team for the first time. A great deal will be expected from him next year.

BILL HEICHEL (Buck) (66)

Quarterback

Junior

Bill was elected Captain for the 1939 season. He has guided the team as quarterback for the last two years and he has done a very fine job. He won honorable mention in the league this year. The 1938 team wishes him a very successful season next fall.

JOE MILLER (6 $\frac{7}{8}$) (77)

Fullback

Senior

Joe was captain of the team this year and was a very fine leader. He was named on the All-League team for the second time and was also voted the best placement kicker in the state this year. He completed 24 out of 30 attempts.

GENE HARMON (Swansy) (70)

Right Halfback

Senior

Gene made a hobby of upsetting opponents' defenses either by running, passing or punting. He was the highest scoring individual in the state with 146 points. Three years' experience placed him on the All-League team for the second time. To many, he was the best back ever turned out by Coach Fendrick.

GEORGE KANZ (Yotz) (81)

Right Tackle

Senior

During this, George's first year on the squad — he shared the tackle with Dave Weimer. We all agree that the strength he saved for his Senior year was of great use to the team.

JAMES ROBINSON (Robbie) (72)

Left Guard

Junior

Although this was Jim's first year on the team, he filled Harner's position very capably, while Harner was in the backfield. A Junior, he will return next year.

MELVYN BARBER (Flash) (61)

Right End

Junior

This was Bud's first year on the team. He replaced Doug at right end. His experience should be valuable for next year.

PETE MIHAILOFF (Foo)

Manager

Senior

Pete was the doctor for the squad. Since he graduates this year, it will be hard to find another boy who can take over the doctoring duties capably executed by him.

GERALD HIGGINS (Abe)

Manager

Senior

Gerald was Pete's assistant and his main job was taking care of the field. We all agree that the field was in very fine shape for the games.

ROBERT MATTHES (Bob) (63)

Left Halfback

Junior

Bob played in the backfield and saw plenty of action until the last game, when his arm was broken. This was his first year on the team but he still has another year with the Rams.

Sponsored by Duncan's Sinclair Station

WILLIAM WILKINS (Slug) (64)

Left End

Senior

The Chatterbox of the team was the highest scoring lineman in the state, with 95 points. He also was captain of the All-Mid-State team and an All-Leaguer for three years.

WALTER WEIMER (Walt) (65)

Left Tackle

Sophomore

This is Walt's first year on the team and he played his position very well, taking his bumps with a grin.

MELVIN HARNER (Mel) (75)

Left Guard

Senior

Mel was a sparkplug of the team this year. He faced about anything that came along. Besides playing left guard, he also played in the backfield when he was needed. He was named on the All-League for the first time.

ROBERT WILKINS (Bob) (71)

Center

Senior

Bob was the key man of the forward wall. He played most of the time in the opponents' backfield, always in there fighting for all he was worth. Two honors went to Bob: The sportsmanship metal that was given by the school, and All-League position for the second time.

LEWIS DANISON (Lewie) (79)

Right Guard

Junior

Lewie was another valuable player in the forward wall. This was his first year on the team and he will see plenty of action next year.

DAVID WEIMER (Dave) (78)

Right Tackle

Junior

Dave shared the tackle position with George Kanz. This was his first year on the team and he played very fine football. He will also be back next year.

Coach AL FENDRICK

COACH reached his peak in sports this year by turning out championship basketball and football teams. Along with this success in coaching, his boys took the state honors in football. Gene Harmon was the highest scorer, Joe Miller was the highest scoring placement kicker and Bill Wilkins was the highest scoring lineman.

During his ten years of coaching at Madison he has turned out seven championship teams in football and five championship basketball teams.

These facts only go to prove the fact that Madison has a coach of which to be proud. Perhaps the boys on the teams sometimes think he is a little more harsh than the occasion calls for, but we are inclined to think that Coach knows what he is doing and we leave it to his best judgment.

With all of this information at hand we have every reason to believe, from past experience, that Madison will still come out on the top in sports with Madison's boys at the stern and Coach Fendrick at the wheel.

Basketball Lettermen

Capt. BILL WILKINS

Forward

Senior

This was Bill's third year on the squad and he has done a fine job of captaining the team along with playing a fine game of basketball. He was always where the enemy didn't want him. While he was on offense he handled the ball out in front.

GENE HARMON

Forward

Senior

This was Gene's third year on the squad also. He teams with Bill Wilkins in handling the ball out in front. A dead shot from the center of the court, he also stood out well as a foul shooter.

BOB MATTHES

Forward

Junior

He replaces Harmon or Bill, to help handle the ball out in front. He is an outstanding player, but did not see any action until the middle of the season, due to a broken arm. Bob still has another year with the squad.

Sponsored by Graham's Sinclair Station

WALTER KOPCIAL

Forward

Senior

Walt was also used as a replacement to help handle the ball with either Harmon or Bill. Walt was unable to hit his stride until the season was half over, but from then on he didn't have much trouble collecting points. This was Walter's second and last year on the squad.

DOUG DE NERO

Center

Junior

Doug was the flashy redhead who held down the center post. He was a hard man to stop when he was headed for the basket. Doug is a good defense and rebound man. He will be back with the squad next year.

MEL HARNER

Guard

Senior

A replacement for Doug or Bob Wilkins, Mel helped on the rebound, and protected our basket from enemy shooters. Although he didn't collect many points he did a very fine job, both on defense and offense.

JOE MILLER

Guard

Senior

Joe was a main threat for the Rams. He collected a big share of the points, and his one-handed pivot shots were an outstanding asset for the Rams. Joe was a hard man to get around while he was on the defense and a hard man to stop while he was in possession of the ball. His place, left vacant through graduation, will be hard to fill.

Booster Club

President Bill Thomas
Vice-president L. V. Kimbel
Secretary and Treasurer C. B. Glenn

THE monthly meetings of the Madison Township Booster Club are held the first Tuesday of each month. The membership of the club reached sixty during the year.

The club was organized five years ago for the purpose of stimulating and encouraging different school activities and functions, especially athletics.

For diversions after the business meetings, the members play volleyball and basketball in the gymnasium. Lunches are served in the cafeteria.

This year the Booster Club has constructed a cable around the football field to keep off the spectators during games, in addition to buying canvass for the night games and constructing bleachers which will accommodate approximately 250 people. The members also act as "policemen" during football games.

In addition to the annual *Lawn Fete* which has been held each spring for several years, the club sponsored the Rabbit Supper given on December 6, 1938 in honor of the football team.

Music Club

President Mr. C. H. Vanderbilt
Vice-president Mrs. Sarah Rose
Secretary William Kopcial
Treasurer Mr. W. E. Miller

IN February of the year 1936, the Music Club was organized under the direction of Miss Eileen Langstaff for the purpose of raising money to purchase musical instruments for use in the schools of Madison Township.

The School Board agreed to give one dollar for every dollar raised by the Music Club up to the sum of \$500. The Music Club by various means, including programs, suppers and donations from private individuals and from organizations raised \$500 from February until May. This amount with an equal sum from the School Board was used to purchase instruments which were distributed to pupils throughout the township.

In the fall of '36 the Music Club started raising money to purchase Band uniforms. Approximately \$1,000 was raised and the uniforms were ordered. The uniforms were dedicated at the Upper Sandusky football game in the fall of '37.

The club now has approximately 40 members and has many activities. This year the main instruments that have been purchased for the music students of the school are the bass viol, the oboe and a baton for the drum major.

Some of the various programs they have sponsored throughout the year are as follows: On October 5, the Marimba Concert featuring Elaine Truex; November 14, Music Club Chili Supper; November 29 and 30, Westinghouse Minstrel; March 7, Ashland Band Concert with Mr. L. Pete as director; March 24, Spring Music Festival; and April 21, a play, "Aunt Jerushy on the War Path."

We certainly hope that the Music Club continues its fine work in the years that are to follow.

Super Efficiency

Lady of the house (interviewing a new maid): "And now, Nora, are you efficient?"

Nora: "Indade I am that, mum. In me last place ivery mornin' I got up at four, made me fires, put me kittle on to bile, prepared the breakfast, an made up all the beds before inyone was up in the house."

He: "Why didn't you answer my letter?"

She: "I didn't get it, and besides I didn't like some of the things you said in it."

Mrs. Smith: "I wonder if I could borrow your rug beater."

Mrs. Jones: "I'm sorry, he doesn't get home until six o'clock."

Frank R.: "That new girl doesn't seem to be very intelligent."

Pete M.: "No, she didn't pay any attention to me either."

Bertha S.: "When I dance with you it's just like dancing on clouds."

Bill W.: "They are not clouds, they're my feet!"

Carl Keefer (Getting ads): "You should take an ad. This is for the future generation of Madison High School. Why they will probably patronize you."

Storekeeper: "Don't bother me. I'm even too tired to laugh."

A fly was walking with her daughter on Mr. Miller's head. "How things change, my dear," she said. "When I was your age, this was only a path."

Miss Wiseman (in Latin class): "Earl, give the four principal parts of the word for prepare."

Earl (whispering desperately to neighbor): "What is the word for prepare?"

Neighbor: "Darned if I know."

Earl (face brightening): "Darnedfine, darnedifinare, darnedifinave and darned-ifinature."

Vivian S.: "How much do you ask for your pups?"

Eileen M.: "Five dollars apiece."

Vivian S.: "Oh well, but I wanted a whole one for myself."

"Her niece is rather good looking, eh?"

"Don't say knees is, say knees are."

He: "Won't you say something soft and sweet?"

She: "Applesauce."

Mr. Nixon (after looking over some of the jokes for the annual): "Gee but you have a lot of bum jokes for this annual."

Helen S.: "Oh I don't know, I put a bunch of them in the furnace and the fire just roared."

Don M.: "She said I could kiss her on either cheek."

Doug D.: "What did you do?"

Don: "I hesitated a long while between."

Mr. LaRue (in Algebra class): "Now if I subtract 25 from 37 what is the difference?"

Grace N.: "Yeah, that's what I say, who cares?"

SENIOR CLASS PROPHECY (*Continued from page nineteen*)

Weldon Lemon has a business which is very enterprising.
It is so well known it needs no advertising.
Ed Rittenour is a well known architect.
Everything he does is done for effect.

Ed Kipp is a doctor who knows a great deal.
There is no disease he doesn't know how to heal.
Lester Currens won an automobile race.
His competition will have to go some to keep up with his pace.

George Kanz designed a motor boat with great speed.
In the races he enters he is sure to lead.
Walter Kopcial and James Hazlett are brokers of Wall Street.
Here are two people who will never meet with defeat.

As I left Eileen Swisher to go on my way,
It seemed I heard a voice within me say —
It has taken them five years to meet with fame,
I wonder what really is their aim.

BAND (*Continued from page thirty-nine*)

ONE of the most prominent organizations in the Music Department at Madison during the past year has been the High School Band, which has advanced rapidly under the leadership of Mr. Weber.

The Band faithfully appeared at all the home games, and executed various maneuvers on the football field. It has taken an active part in assembly programs, and very efficiently represented Madison at the County Spring Music Festival.

Their participation in the Madison First Annual Spring Music Festival proved to be one of the leading factors in the success of the program and was the highlight of their activity.

ORCHESTRA (*Continued from page thirty-nine*)

THE High School Orchestra was handicapped at the beginning of the year by the lack of string instrument players. During the year additional players were added and it made its initial appearance at the Spring Festival. It furnished music for the Commencement Exercises.

A CAPPELLA CHOIR (*Continued from page forty-one*)

THE Madison H. S. A Cappella Choir made its initial appearance at an assembly program in February. They also appeared at the special music assembly in March and received deserving praise at the Spring Festival.

tutored ways that they are delighted when Lydia La Salle, a society matron who always claims to have met celebrities, rushes in, grasps Sis' hand and insists that she is Violet Astor who she has met at a party a year ago. When Mrs. Chandler realizes that there is no immediate prospect for a wealthy marriage for Baldwin she contrives to have Marcia marry Count Gaston De Long, who is visiting in America. For some unknown reason Count De Long ignores Marcia and starts to court Sis. The latter is so out of place in her New York environment that Mrs. Chandler orders her from her home. Now Sis turns the tables on her snobbish relations, proving to them that all rubes do not dwell in small towns or on farms and how she wins out over tremendous odds, finally finding romance and a career in the big city, bringing the Chandler family to a realization that she is a generous girl whom they all learn to adore.

Sis embarrasses the Chandlers to such an extent with her crude, un-

Puglist: "Yah, dat's what dey tell me. By golly, I wish I could read it."

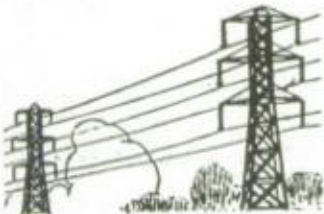

Lawyer: "You say that your wife attacked you with a death-dealing weapon. What was it?"

Any boy
CAN MAKE
a motor

Fitting them to the world's work is a man-size job

FOR a thing so important to modern life, an electric motor is an amazingly simple device. Just a few pieces of steel and iron, wound with coils of wire. Any bright boy can follow instructions and make one that will run.

Yet the most romantic story ever told could be written about the electric motor. It runs practically every mechanical device in use today. It turns the wheels of industry — carries people to work from the suburbs to the topmost floors of tall buildings. The daily lives — even the livelihood — of most of us depend in some way upon it.

The job of fitting electric motors to the

world's work is an exacting one. What makes it complicated is that every task, to be done efficiently, requires a certain kind of motor. Westinghouse, for example, offers over 20,000 different types, sizes and ratings. If none of these is exactly what is needed, a special model will be built to order.

The electric motor is "bread and butter" to Westinghouse — and to just about everyone else. Fully conscious of its responsibility, Westinghouse research continues each year to seek improvement in motor design — so that the world's work may be done better, faster, and at less cost.

Doctor: "You cough easier this morning."

Weary Patient: "I ought to; I've been practicing all night."

Harry C.: "That old maid school teacher certainly has plenty of pupils."

Dick A.: "Yeah, but not much class."

Fiance: "People who live together get to look alike."

Fiancee: "Gosh! Here's your ring. I don't want to risk it."

Olive Jean: "The food served in this restaurant is terrible."

Helen G.: "Who told you?"

Olive Jean: "A little swallow."

Big sister: "Have you been snooping in my diary again?"

Little sister: "Sure, I've read it from lover to lover."

Talkative Stranger: "How would you feel if you had a head of hair that was turning gray?"

Mr. Miller (with hat on) "Happy as a lark!"

Stranger: "Say, are you crazy?"

Mr. Miller: "No, I'm baldheaded!"

"My boy friend's been covering the high spots."

Writer: "For the school paper?"

"No, he's selling toupees."

Mrs. Vanderbilt was telling some ladies about the burglar scare in her house the night before.

"Yes," she said, "I heard a noise and got up, and there, from under the bed, I saw a man's legs sticking out."

"Mercy," exclaimed a woman. "The burglar's legs?"

"No, my dear; my husband's legs. He heard the noise too."

Frank R.: "Pop, you remember you said if I graduated you'd give me \$5?"

Mr. R.: "Yes, Frank."

Frank: "Well, Pop, you ain't gonna have that expense."

Grace N.: "I'm trying to find a face powder that won't kiss off."

Harvey K.: "Won't you let me be your proving ground?"

"Did you ever hear of cold embers?"

"Sure, November and December."

Mr. Miller (To Miss Siegfried): "Are you doing anything on Sunday evening?"

Miss S. (hopefully): "No, not a thing."

Mr. Miller: "Then try to be at work earlier Monday morning, will you?"

Frank R.: "My dad's so rich he lights cigars with twenty dollar bills."

Pete M.: "That's nothing, My dad's so rich that the whole family bathes in Gold Dust."
